

*So that all shall know, This flag was flown in the face of the enemy. It bears witness to the American endeavor to bring freedom to those who have none. It reminds us of those who lost their lives on September 11<sup>th</sup> and those lost in the never-ending war for freedom from oppression past present and future. This flag was flown for 9 Hours and 11 minutes during*

## CTF CHAMBERLAIN CERTIFICATE OF ACHIEVEMENT

This Certificate of Achievement is awarded to Safdar Ameen for his invaluable contribution to the reconstruction and development of Afghanistan.

This certificate is presented for outstanding performance in his development efforts in Mollai, Afghanistan. As the primary contractor, Safdar Ameen managed five projects in Mollai. These projects were constructed under timeline and project quality was outstanding.

Safdar Ameen receives the highest recommendation from this command.

Safdar Ameen's unwavering commitment to the reconstruction and development of Afghanistan is a reflection of his personal pride, dedication to a brighter future, and generosity.

# Certificate of Appreciation

is presented to

**Ameen "Softey" Khan**

for outstanding achievements during the period

1 June 2005 to 15 April 2006. Khan Construction Company was an integral part of the TF Sword construction and humanitarian assistance mission.

Softey completed several valuable projects to improve the quality of life and educational opportunities for the Afghan people. His work was always within specifications, on time, and within budget. Softey was a valuable member of the TF Sword team.

A handwritten signature in black ink that reads "Steven N. Reed".

MEMORANDUM FOR RECORD

SUBJECT: Letter of Recommendation

1. The purpose of this memorandum is to recommend the Khan Construction Company (KCC) for future construction contracts. KCC is recommended for future projects without reservation.
2. From July 03 through April 04, KCC executed multiple construction contracts (aggregate total over \$350,000) at Bagram Airfield. KCC constructed and refurbished administrative and logistics centers, barracks, multi-purpose buildings and other structures totaling over 125,000 square feet. And, KCC executed several horizontal construction projects including road surfacing, culverts and entrance aprons. KCC completed all projects within budget and time constraints.
3. KCC employs qualified superintendents that directly manage construction operations. KCC has also established their ability to resource heavy engineering equipment with qualified operators when required.
4. Should you have any questions about this request, please contact the undersigned at DSN 318-231-4249, or bigleyj@baf.cjtf180.army.mil.
